Kurt Gilbert; Eugene Martin; Brandon Palmisano; Tammy Hullings; Charles Frank; Jim Stuart; John Stuart; Alan Tomion and Bruce Kerrick.

Steve Hullings made the motion to start the Public Hearing at 7:00pm; Matt Perry seconded the motion. All in favor.

PROPOSAL OF THE SOLAR FARM:

Solar Farm is proposed to be erected on the main corridor of Benton. Project to the North will use approximately 27.75 of the 51 acres. Project to the South will use approximately 18.9 acres of the 80.9 that is there.

PUBLIC CONCERNS:

- **LOSING FARM LAND**

Mike Lewis from CTEC, stated that the rich soil will not be removed from the site. After 25 years the land will be converted back to agricultural production for human consumption. In which the solar company has agreed to that stipulation. Also, the land inside of the fenced in area at each solar farm will be an apiary with approximately 10-15 bee hives, that will have local honey production. There will be a local person who will be attending to the hives and produce the honey.

- **BENEFITS FOR TOWN RESIDENTS**

By entering the Community Host Benefit with the Town of Benton, town will receive approximately \$40,000. Town of Benton residents, that are on the circuit will get the opportunity, once the panels are in production, they can sign up through NYSERDA residents can get power from the solar farm and get 10% off their electric bill. Sign up will also be available on the NYSEG website or call and ask, you should get a mailer.

- **APPEARANCE OF THE PANELS**

CTEC has a landscape plan and have been working with Cornell Cooperative Extension on what type of species to plant to help hide the panels from view along side of the main road. Panels that will be installed are bi-facial, both sides will be the light that is refracted, and more efficient. Also, they are non glare.

FINAL ACTIONS:

Crystal Tomion stated that the board has put a lot of things in place and Labella has exceeded their exceptions of the site plan. There are two site plans to vote on. Crystal asked the board if they were at a point to vote. All stated yes.
